Approved For Release 2005/12/14 : CIA-RDP87B01034R000600130004-2

DRAFT - CRES/IG

9 JULY 1982 REV. 15 JUL

SUBJECT

Deputy Director for Intelligence
: Compartmentation Officers (U)

1. This memorandum designates officers responsible for CIA implementation of signals and imagery compartmentation regulations and requests you to identify control officers to support them at directorate, staff and office levels. The assignments are pursuant to the EO 12333 charge to me, as your representative on the National Foreign Intelligence Board, or "Senior Official of the Intelligence Community," to protect intelligence and intelligence sources and methods from unauthorized disclosure and to disseminate intelligence to cooperating foreign governments, under DCI guidance. (U)

2. The officials responsible for the control of signals and imagery sensitive compartmented information (SCI) in CIA are:

a. The CIA Senior Intelligence Officer (SIO). The Associate DDI, Richard J. Kerr, is responsible for effective implementation of signals and imagery intelligence compartmentation in the Agency. (C)

b. The CIA Special Control Officer (SCO). Agency compartmentation officer [redacted] of the DDI Collection Requirements & Evaluation Staff will continue to be responsible to the SIO for day-to-day application of control procedures. (U)

3. Directorates and offices using compartmented SIGINT and imagery are requested to designate special control officers for the implementation of SCI security regulations in their organizations. Your appointments and any questions that arise in this connection should be communicated directly to the CIA SCO, DDI/CRES, 3 E 65, Hq, (C)
